MEMORANDUM FOR: Deputy Project Director

25 January 1956

SUBJECT

: Report of [ ] Visit to [ ]

25X1A

25X1A

1. I have read with interest [ ] report dated 12 January (SAPC-3330). His two recommendations seem sensible to me. If [ ] has not already talked to [ ] about making available copies of the Hycon Engineering Test Reports, I would suggest that this could be arranged in a letter to [ ]

2. I also believe [ ] should visit the Hycon plant at Pasadena for at least a full day the next time it is convenient for him to go out west. It should, of course, be explained to Hycon, whether the approach to them is oral or written, that we are anxious to be informed of the problems they are encountering but not to interfere in any way with their activities. If you agree, action on this matter can be given to [ ]
